Related Action Plan(s)

[Collect more data Fall 2012](#) 

Description: Due to no one graduating with the degree in Kinesiology, findings were unattainable. Therefore, the plan is collect information from the following term. (Final) [\[Preview Formatting\]](#)

Implementation Status: Planned

Priority: High

[Definite need for changing Measures 2013-14](#)

Description: There is a definite need for changing the measure for the PLO. The exit exam is not giving us any data that is usable. The decision was made create a new measure that includes SLO data from KIN 100 SLO 1; BIOL 201 SLO 3 and SLO 4; BIOL 202 SLO 4 (Final) [\[Preview Formatting\]](#)

Implementation Status: Planned

Priority: High

Implementation Description: Get the final determination of exact SLOs and then input in WEAVE.

Responsible Party: Glenn Haller, Kathy Bingham, Mark Covert, Cindy Vargas, Barry Green, Joe Watts, Perry Jehlicka, Jane Cwayna, Cindy Littlefield

[Needs for Curriculum, Facilities and Instructors 2014-2015](#)

Description: The data tells us that we are failing to meet the students' need with regard to their physiological needs. This PLO encompasses our main goal as detailed in the 2014 Program Review - Improve our existing facilities, especially the creation of a fitness center, human performance lab and larger central athletic training facility and hire full-time faculty members who are also head coaches, and we as a department continue to believe that the following is needed to improve the students ability at success in this area: 1. Increase student success in the Department's offerings by a. Creating new degree and certificate programs to better serve the kinesiological aspects of our students. b. Gain funding to build new Fitness Center and Human Performance Lab to augment and improve the Department's offerings. c. Gain funding to update, upgrade and/or rebuild the Gym building to included larger locker rooms, more and better teaching and storage space as well as instructor offices. d. Gain funding for more full time instructors, not only as replacements for the four already lost and not replaced, and also for the projected four who will retire in the next two years, but also additional positions to serve the needs of the

increased offerings. Resource Needs Full time, tenured instructors that are also: Baseball Coach Volleyball Coach Soccer Coach Golf Coach Assistant football coach Human Performance Lab Fitness Center Coed Training room Locker room AVC Swimming pool Gymnasium (Final) [Preview Formatting]

Implementation Status: Planned

Priority: High
